YOUR PAYMENT HIGHWAY

## Card Acquiring

We give you an opportunity to accept customer card payments from all over the world.

- | Benefit from working directly with an acquirer
- | Available for all merchants across the EEA region
- | All processing currencies supported
- | Settle your funds in the following currencies:  
EUR, USD, GBP, CAD, JPY, HKD, CHF, AUD, NOK, SEK, DKK, CZK, PLN, HUF
- | Process recurring payments, card on file and MOTO transactions
- | Fully supported 3D secure verification for both VISA and MasterCard
- | Benefit from advanced chargeback representment services
- | Use CFT payouts also as a standalone service

## We provide you an alternative to traditional bank accounts to collect funds and manage payouts.

- | Benefit from having your own IBAN for EUR, USD and GBP denominated accounts
- | Use the EUR denominated SEPA accounts for same day payments
- | Open your account in fast and easy way
- | Funds at your disposal via a prepaid MasterCard and Internet Banking
- | Use an advantage of mass payouts and automated reporting system

### **API Banking:**

- | Manage all your accounts and funds directly from your systems via an API integration
- | Search in your transaction history, download statements or execute outgoing payments in a much easier way
- | Use API banking also for your marketplace solution

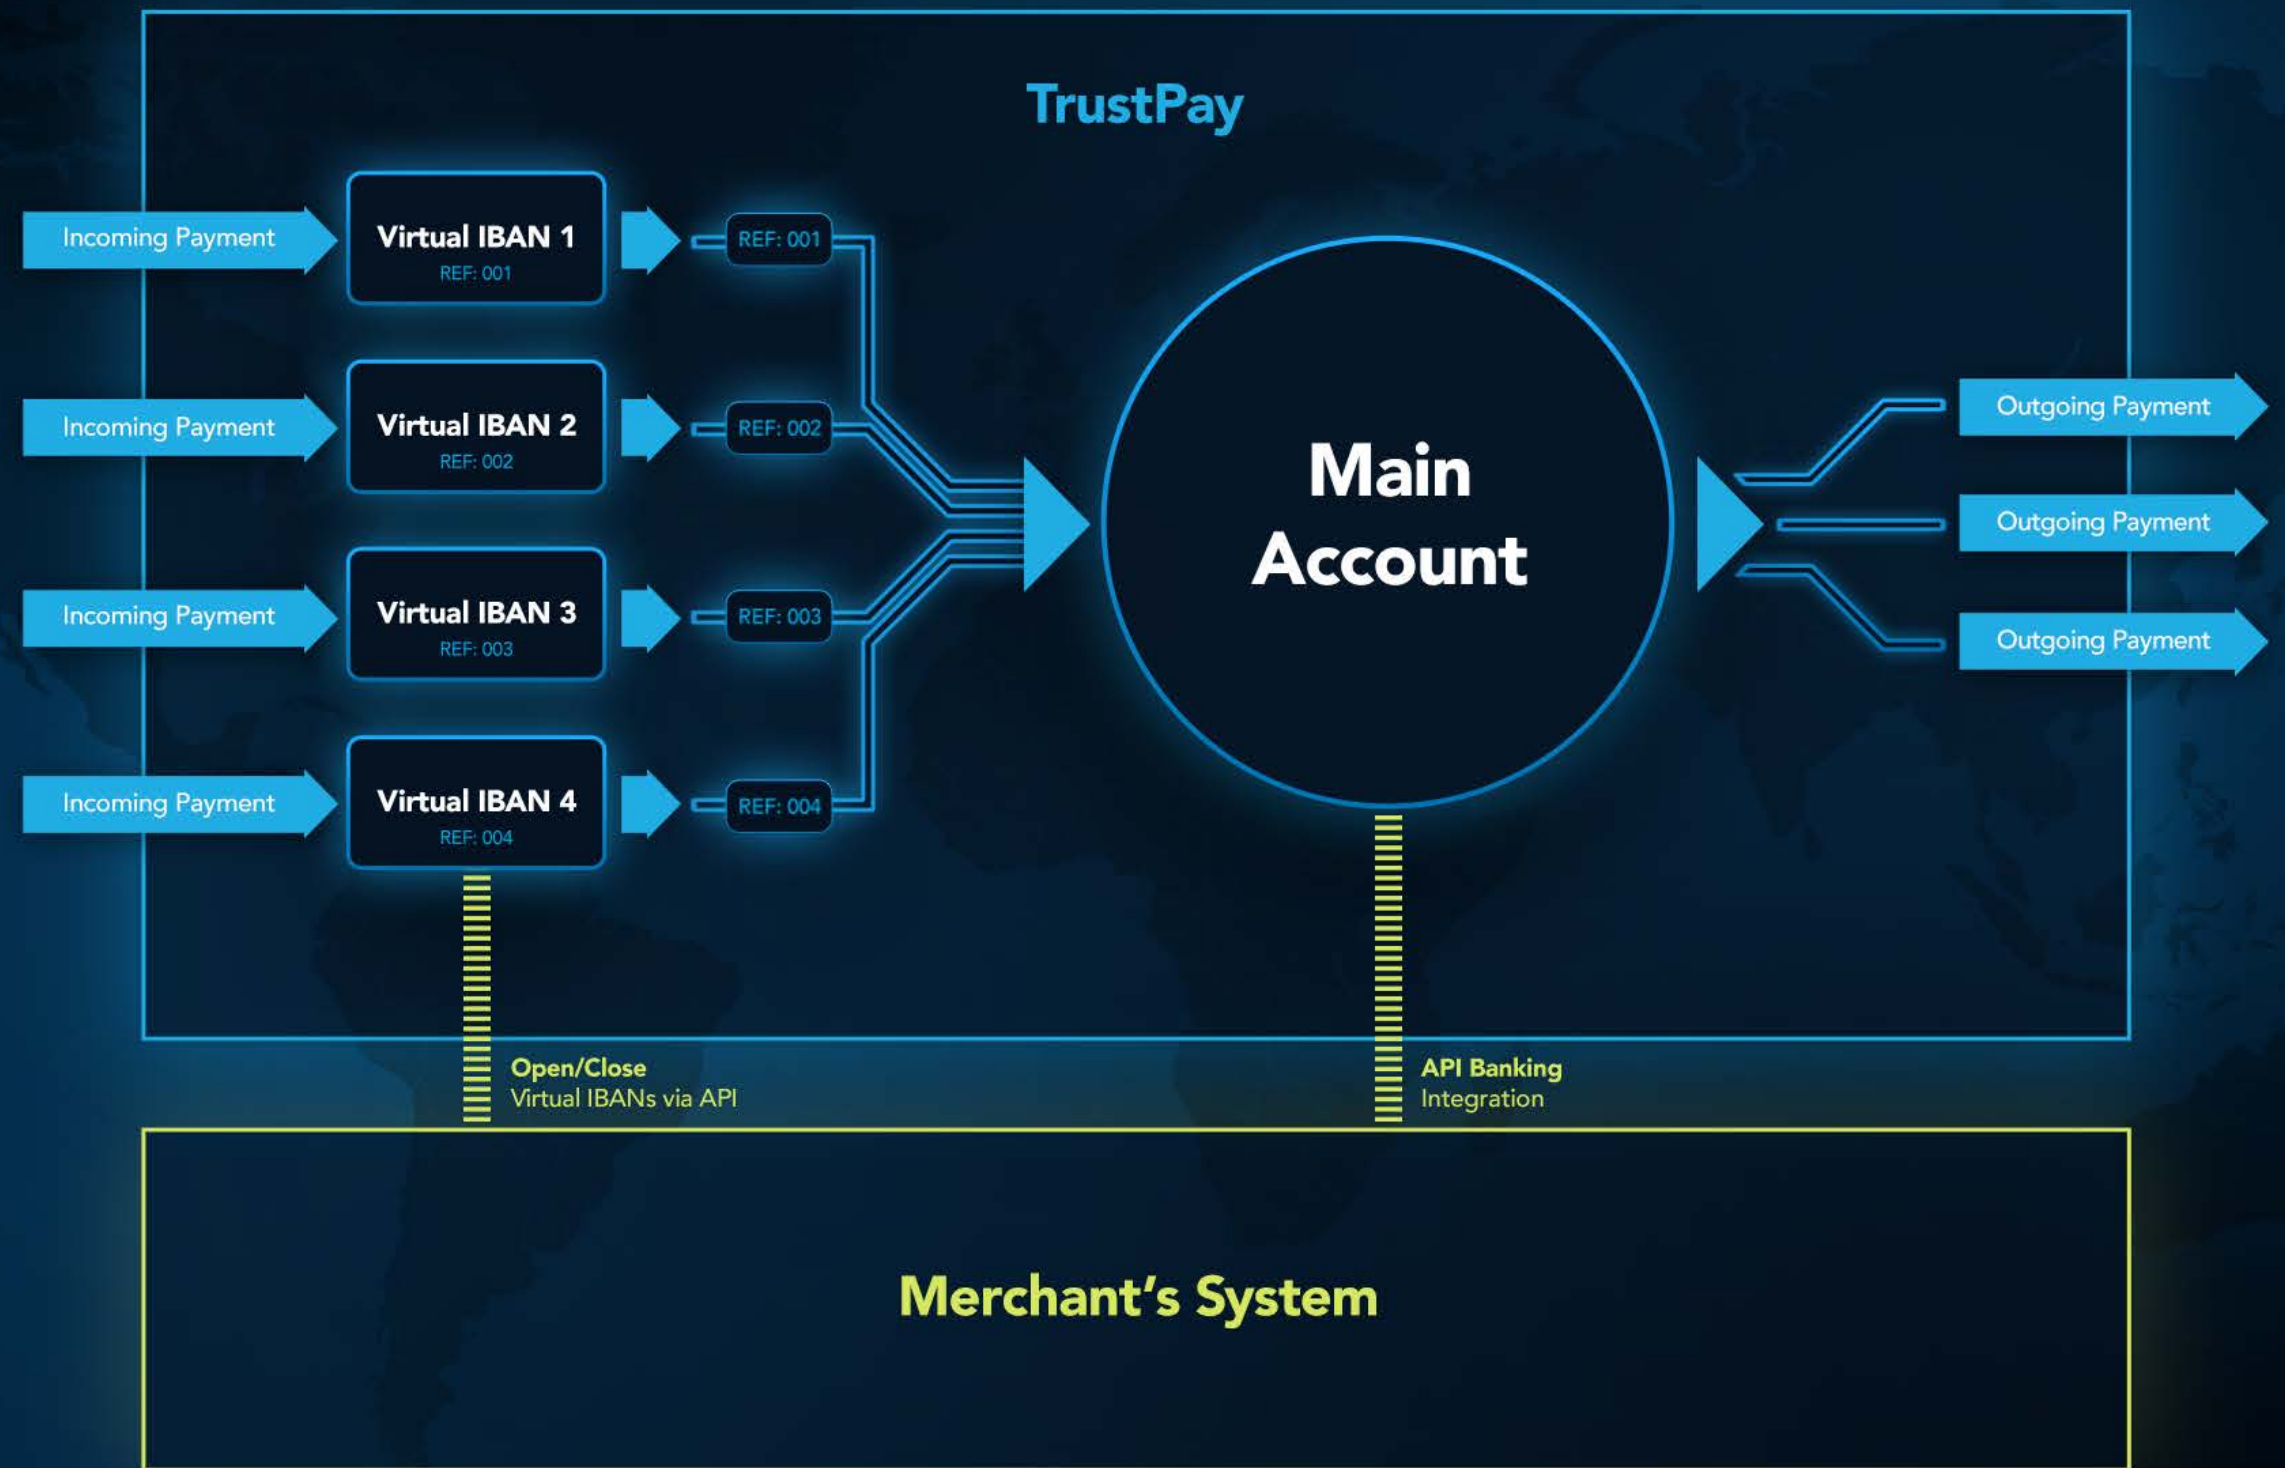

## Virtual IBANs

**We bring you the option of using a revolutionary solution for collection of your wire transfers via virtual IBANs.**

- | Eliminate your reconciliation issues and make sure you know where each incoming transfer belongs
- | Generate a dedicated virtual IBAN for each customer or even for each payment
- | Create as many virtual IBANs as you wish via an API integration
- | All incoming transactions through virtual IBANs are credited to your main TrustPay account with a specific reference number you define
- | All the virtual IBANs are EUR denominated SEPA accounts
- | Use our API banking solution and manage your funds directly from your systems

# Virtual IBANs

## Prepaid Cards

**We bring you the convenience of having your funds wherever you go.**

- | Manage your prepaid card in TrustPay Internet Banking
- | Load funds easily to your card from your TrustPay account
- | No overdraft fees, no interest to be paid
- | 100% control over how much you spend
- | Multiple cards per account
- | Accepted at more than 36 million MasterCard locations and over 2 million ATMs worldwide

**SEPA**  
Direct Debit

We enable you to collect funds from your clients via a European-wide Direct Debit system.

- | Debit your customers' bank account directly
- | Available in 34 SEPA countries
- | Settle funds to your TrustPay account
- | Get your unique Creditor ID
- | Variable transaction amounts
- | Merchant clearly identified on the customer's bank statement
- | Perfect payment method for subscription payments

## TrustPay is:

- / EU licensed and regulated payment institution
- / Cross-border acquirer
- / Principal member of VISA, MasterCard and UnionPay
- / SEPA SCT and SDD scheme participant and a member of SWIFT

THE ROAD TO SUCCESS MAY BE LONG  
**UNLESS YOU TAKE THE HIGHWAY**
